

## About the Centre for Liveable Cities

Set up in 2008 by the Ministry of National Development and the Ministry of the Environment and Water Resources, the Centre for Liveable Cities (CLC) has as its mission “to distil, create and share knowledge on liveable and sustainable cities.” CLC’s work spans three main areas: Research, Capability Development and Knowledge Platforms. Through these activities, CLC hopes to provide urban leaders and practitioners with the knowledge and support needed to make our cities better. [www.clc.gov.sg](http://www.clc.gov.sg)

## About the Seoul Institute

The Seoul Development Institute was established by the Seoul Metropolitan Government (SMG) in 1992 and was renamed as the Seoul Institute (SI) on 1 August 2012. The Seoul Institute’s goal is to establish a medium- to long-term vision for Seoul and propose social policies on welfare, culture, education and industries, and urban management policies on city planning, transportation, safety and the environment. SI’s primary objective is to improve municipal administration through professional research, improve the quality of life in Seoul, and reinforce and sustain the competitiveness of Seoul. <https://www.si.re.kr/>
